
Key Personnel

EDUARD FEUER, P.E.

**Position: Vice President Engineering
Chairman of the Board/CEO and Co-Founder
Ride & Show Engineering, Inc.**

Ride & Show Engineering, Inc. Project Experience: 1985 - Present

Mr. Feuer's extensive experience in design, engineering, machinery design and fabrication provides a foundation for Ride & Show Engineering, Inc.'s expertise. Mr. Feuer contributes design/engineering knowledge and evaluates engineering designs for quality and manufacturability.

As Chairman of the Board/CEO and Co-Founder of Ride & Show Engineering, Inc., Mr. Feuer was instrumental in the successful design and development of all projects developed and fabricated by Ride & Show Engineering. Most notable projects include the Disneyland Monorail, Stateline Nevada UniTrak Transportation system, three major attractions for Universal Studios, the Great Bronze Doors at the Los Angeles Cathedral, and a number of boat ride and people moving systems worldwide.

Ride & Show Engineering has been issued three patents in which Mr. Feuer was instrumental and listed as the inventor; two are in the area of flight simulation, while a third embodies a transportation vehicle incorporating programmable rotation control.

Prior Experience:

Walt Disney Imagineering
1965 – 1984

During twenty years of service with the Walt Disney organization, Mr. Feuer was instrumental in the successful design and development of most of the major ride systems at Disneyland, Walt Disney World and EPCOT Center. As Senior Project Engineer for Walt Disney Imagineering, Mr. Feuer's most notable accomplishments include the conceptual development, design, engineering and installation of the show action equipment for The American Adventure and the World of Motion Pavilion's ride system at EPCOT Center. Additionally, Mr. Feuer was responsible for the development of five Disney omnimovers.

Education/Certification:

Fachhochschule Braunschweig/Wolfenbüttel, Germany
Registered Mechanical Engineer, California

Professional Engineer in Mechanical Engineering, California License #M21286
